It would be preferable for the student to take BIO 2160: Principles of Nutrition at CSMD, equivalent to HN&F 171, prior to transferring to WVU.

Students with a GPA of 2.0 or higher will be eligible for admission into the Human Nutrition and Food program and follow the first plan of study listed for West Virginia University. Students seeking to pursue the Area of Emphasis in Dietetics will need to have a minimum GPA of 3.0, receive a Didactic Program in Dietetics Verification Statement, and will follow the second plan of study under the respectively named header.

Students must have a minimum GPA of 2.5 and have completed HN&F 201, HN&F 271, and CHEM 115 and 115L to be eligible for the Area of Emphasis in Dietetics. Students must declare the Area of Emphasis no later than September 1 of the academic year in which they will be requesting a verification statement

Students who have questions about GEF requirements or any other issue relating to academics at West Virginia University should contact the Office of Undergraduate Education at WVU.

Students transferring to West Virginia University with an Associate of Arts or Associate of Science degree will have satisfied the General Education Foundation requirements at WVU.

The above transfer articulation of credit between West Virginia University and College of Southern Maryland is approved by the Dean, or the Dean's designee, and effective the date of the signature.
