*MATH 150 or MATH 155 is a prerequisite course for WVU's John Chambers College of Business & Economics programs, and many courses. Though listed prior to the beginning of the third year, Garrett students may take it online through WVU at any time. It is recommended to be taken the summer following completion of MAT 105 (WVU's MATH 124). Students who can place into MAT 190 (MATH 155) at Garrett should attempt to complete the requirement prior to transferring to WVU.

Students must take the equivalent to WVU's ENGL 101 (ENG 101) and ENGL 102 (ENG 102) in order to satisfy the prerequisites requirement for BCOR 299.

**PSY 101 or SOC 101 are not required for students intending to major in Economics. All other programs within the College of Business and Economics require one of these two courses. Students pursuing a degree in Economics may choose other Social Science electives.
