WVU's Biology: Pre-Med requires PSY 101 (PSYC 101) and SOC 101 (SOC 101). They are highly encouraged to complete those requirements at Garrett College.

Students must have a C- or better in BIO 101, BIO 102, and CHE 101 (WVU's BIOL 115/L, BIOL 117/L, and CHEM 115/L) to be admitted directly into the Biology program upon transferring to West Virginia University.

Students can select from two different Areas of Emphasis (AoE) once at WVU:

- Human Health (15-Hours)
- Global Health (16-Hours)

Students transferring to West Virginia University with an Associate of Arts or Associate of Science degree will have satisfied the General Education Foundation requirements at WVU.

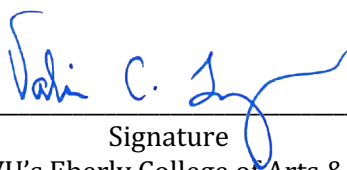

Students who have questions regarding this articulation agreement or the transferability of coursework may contact the WVU Office of the University Registrar. All other questions should be directed to the WVU Office of Admissions.

The above transfer articulation of credit between West Virginia University and Garrett College, is approved by the Dean, or the Dean's designee, and effective the date of the signature.
