A grade of C- or better in all chemistry courses below 300-level is required and all courses that serve as a prerequisite for major-required courses. This includes (but is not limited to) the following courses: PHYS 101/Land PHYS 102/L (or PHYS 111/L and PHYS 112/L); MATH 155 (or MATH 153 and MATH 154) and MATH 156. In addition, a 2.0 grade point average must be maintained in all Chemistry 300-level and above courses.

Students completing degrees from the WVU Eberly College of Arts and Sciences are encouraged to work with their advisors to integrate completion of an academic minor or minors into their programs of study. WVU offers over 100 minors that complement major fields of study, build on students' unique interests, expand perspectives, and broaden skills. See <http://catalog.wvu.edu/undergraduate/minors/#minorsofferedtext> for a list of available minors. Blue Ridge Community and Technical College students may begin completion of certain minors at Blue Ridge CTC by utilizing elective hours to take courses equivalent to the minor's introductory requirements at WVU.

Students transferring to West Virginia University with an Associate of Arts or Associate of Science degree will have satisfied the General Education Foundation requirements at WVU.

Students who have questions regarding this articulation agreement or the transferability of coursework may contact the WVU Office of the University Registrar. All other questions should be directed to the WVU Office of Admissions.

The above transfer articulation of credit between West Virginia University and Blue Ridge Community and Technical, is approved by the Dean, or the Dean's designee, and effective the date of the signature.
