Minor Course (2)	3	Minor Course (4)	3
Minor Course (3)	3	Minor Course (5)	3
<b>TOTAL</b>	17	<b>TOTAL</b>	16

\*Students who test into MATH 121 (MATH 155) and complete it will satisfy the Biology (BA) requirements. Students can then replace the other specific MATH elective with MATH 202 (STAT 211) to complete the program's statics requirement at HACC. If students need to begin at MATH 119 (MATH 129), students will want to continue and complete MATH 121 (MATH 155) prior to enrolling at WVU. Students can complete STAT 211 during their first semester at WVU.

Students completing degrees from the WVU Eberly College of Arts and Sciences are required to work with their advisors to integrate completion of an academic minor or minors into their programs of study. WVU offers over 100 minors that complement major fields of study, build on students' unique interests, expand perspectives, and broaden skills. See <http://catalog.wvu.edu/undergraduate/minors/#minorsofferedtext> for a list of available minors. HACC students may begin completion of certain minors at HACC by utilizing *Elective* hours to take courses equivalent to the minor's introductory requirements at WVU.

Students transferring to West Virginia University with an Associate of Arts or Associate of Science degree will have satisfied the General Education Foundation requirements at WVU.

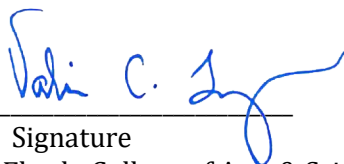

Students who have questions regarding this articulation agreement or the transferability of coursework may contact the WVU Office of the University Registrar. All other questions should be directed to the WVU Office of Admissions.

The above transfer articulation of credit between West Virginia University and Harrisburg Area Community College, is approved by the Dean, or the Dean's designee, and effective the date of the signature.
