For this agreement, the following course substitutions are being allowed:

- CAS 111 = CS 101 = AGEE 110
- BIOL 101 = BIOL 115 & BIOL 115L = BIOL 101 & BIOL 101L

To be eligible for student teaching and subsequent certification to teach, the student must:

- Possess a 2.75 grade point average on the total of all college credits, including hours earned in professional education and technical agriculture courses.
- Must pass competency tests in reading, writing, mathematics (Praxis Core Academic Skills for Educators) and agriculture content endorsement (Praxis II Agriculture) prior to student teaching.
- Complete the required agriculture and professional education courses.

Students will need to complete remaining GEF courses as the AAS degree does not satisfy the GEF requirement that an Associate of Arts or Associate of Science fulfills. Student will need to work with their advisor to schedule them appropriately while at WVU.

Students who have questions regarding this articulation agreement or the transferability of coursework may contact the WVU Office of the University Registrar. All other questions should be directed to the WVU Office of Admissions.

The above transfer articulation of credit between West Virginia University and Blue Ridge Community and Technical College, is approved by the Dean, or the Dean's designee, and effective the date of the signature.
