Course sequence may change based on the individual needs of the student and schedule type required.

New college students may be required during their first semester to participate in GEN 1070, First Year Success Seminar, a one credit hour course. See a Tri-C Counselor for details.

<sup>1</sup>Students who take ANTH 1210 Human Evolution do not need to take another lab science.

\*Courses listed in this term may be taken at any point during a student’s progression toward this degree. This includes during the summer transitioning between Cuyahoga Community College and West Virginia University. Students should consult with academic advising to determine when completion of these courses is best suited for them.

^ MATH 1420 or equivalent course is required at WVU; this can be taken at Tri-C or at WVU after transfer.

This represents an example of suggested courses to complete the Associate of Arts to continue for a bachelor’s degree, which must total at least 60 semester credits and includes 36 Ohio Transfer 36 (OT36, formerly OTM) credits which are approved Tri-C general education requirements. OT36 details can be found at <https://www.ohiohighered.org/Ohio-Transfer-36>. Students should work closely with advisors at both institutions to discuss options.

Students transferring to West Virginia University with an Associate of Arts or Associate of Science degree will have satisfied the General Education Foundation requirements at WVU.

Students transferring to West Virginia University under this Articulation Agreement will be accepted into the Criminology program, if they have a C- or higher in SOC 1010/101H (WVU SOC 101).

Therefore, as indicated in the final two years curriculum, students should work with their advisor to ensure the completion of this requirement. See catalog:

<http://catalog.wvu.edu/undergraduate/eberlycollegeofartsandsciences/criminology/#majortext>

Students completing degrees from the WVU Eberly College of Arts and Sciences are required to work with their advisors to integrate completion of an academic minor or minors into their programs of study. WVU offers over 100 minors that complement major fields of study, build on students’ unique interests, expand perspectives, and broaden skills. See <http://catalog.wvu.edu/undergraduate/minors/#minorsofferedtext> for a list of available minors. Cuyahoga Community College students may begin completion of certain minors at Tri-C by utilizing elective hours to take courses equivalent to the minor’s introductory requirements at WVU.

Students who have questions regarding this articulation agreement or the transferability of coursework may contact the WVU Office of the University Registrar. All other questions should be directed to the WVU Office of Admissions (304-293-2121).

The above transfer articulation of credit between West Virginia University and Cuyahoga Community College, is approved by the Dean, or the Dean’s designee, and effective the date of the signature.
