*EDF 211 and EDF 224 were found equivalent to the same WVU course C&I 411. In this case it will appear as a repeat course and require the students to complete an additional three (3) credit hours to complete the required 120 hours for graduation.

Students can work with their faculty advisor to select between course options when “or” options are presented. Students need to be mindful of “Fall Only” and “Spring Only” options when planning semester course schedules.

Requirements for CDFS Online Major

- Earn a C- or better in all CDFS coursework.
- Comply with field and major professional and dispositional standards.
- Enter with a 2.0 overall GPA.

Note: Students must earn grades of C- or better in all courses with the CDFS course designator required in the major and associated areas of emphasis. If a student's overall GPA drops below 2.0, they may be subject to academic probation and potentially dismissal from the program

Students transferring to West Virginia University with an Associate of Arts, Associate of Applied Science or Associate of Science degree will have satisfied the General Education Foundation requirements.

Students who have questions regarding this articulation agreement or the transferability of coursework may contact the WVU Office of the University Registrar. All other questions should be directed to the WVU Office of Admissions.

The above transfer articulation of credit between West Virginia University and Eastern West Virginia Community & Technical College, is approved by the Dean, or the Dean's designee, and effective the date of the signature.
