All Registered Nurses will transfer 50 hours of undifferentiated nursing credit.

Student must have a cumulative GPA of 2.5 or higher on college work attempted and carry an overall GPA of 2.5 or higher throughout through completion of degree. Note that the last 30 credit hours taken for the degree MUST come from WVU to meet residency requirements.

\*A two-semester option is available. Students require a total of 120 hours to be eligible for graduation. Additional courses can be taken prior to transfer to WVU to reach the 120-credit requirement- work with a WVU advisor for course selection.

^This course may not be eligible for financial aid at Tri-C; please consult a Counselor or a Financial Aid Office. Students are encouraged to complete an additional math course, MATH 1420, at Tri-C to meet WVU RN-BSN program requirements. Student can select where they would like to complete their statics requirement. Completing all pre-requisites at the two-year institution may result in quicker completion of the transfer program and be more cost effective to the student.

^^If students cannot take a STAT 211 equivalent (MATH 1420) at their previous institution, they can take NSG 455: Interpreting Data for Evidence Based Nursing Care at the WVU School Of Nursing and this will satisfy their statistics requirement.

Students receiving federal financial aid should work with their academic advisor to meet requirements for renewal, which often includes a minimum of twelve degree-pursuant hours.

Students transferring to West Virginia University with an Associate of Arts, Associate of Applied Science, or Associate of Science degree will have satisfied the General Education Foundation requirements at WVU.

Students who have questions regarding this articulation agreement or the transferability of coursework may contact the WVU Office of the University Registrar. All other questions should be directed to the WVU Office of Admissions.

The above transfer articulation of credit between West Virginia University and Cuyahoga Community College, is approved by the Dean, or the Dean's designee, and effective the date of the signature.
