Students must have a cumulative GPA of 2.25 in all college coursework attempted, and a C- or better in MTH 263, (WVU MATH 155), and EGR 121 (WVU ENGR 101) to be admitted directly to the Aerospace Engineering Program at the Statler College of Engineering and Mineral Resources upon transferring to West Virginia University to ensure this pathway.

As part of this pathway, students will be allowed to take WVU MAE 216L and MAE 316 concurrently in the first semester. In addition, students should opt to take WVU's MAE 215 courses online after their first year at VACC to ease course load their first semester.

Students who have questions about GEF requirements or any other issue relating to academics at West Virginia University should contact the Office of Undergraduate Education at WVU.

The above transfer articulation of credit between West Virginia University and Virginia's Community Colleges, is approved by the Dean, or the Dean's designee, and effective the date of the signature.
