PSYC 302 & PSYC 302L	4	PSYC Cluster A/B	3
General Elective	3	General Elective	3
General Elective	1	General Elective	3
General Elective	3	General Elective	3
TOTAL	15	TOTAL	15

*Students will need to select PSYC 491A as their Capstone to stay in compliance with Eberly College of Arts and Sciences 42- credit hour rule.

The above plan of study provides students with the opportunity to complete both their Bachelor of Arts in Psychology, and a minor in Addiction Studies from West Virginia University.

Courses marked * can be completed by taking equivalents at Garrett College.

Unlike the other articulated plan of study to the WVU Psychology major, which are Associate of Arts degrees, this is an Associate of Applied Science. AAS degrees do not satisfy the General Education Foundation requirements at WVU as AA or AS degrees do. Therefore, as indicated in the final two years curriculum, students should work with their advisor to ensure the completion of this requirement.

For this agreement, PSYC 234 will be utilized as a substitute for COUN 240.

^Students completing MAT 210 (STAT 211 WVU) will meet the prerequisite requirement for PSYC 203 per this agreement.

**Students who complete both PSY 283 and PSY 294 will earn the equivalent of COUN 440.

WVU makes no claim or stipulation as to whether further credits received in Addiction Studies at WVU will count toward addiction credentialing in the State of Maryland, nor whether the West Virginia Certification Board for Addiction and Prevention Professionals will accept GC credits transferred into WVU as credits toward West Virginia addictions credentials.

Students who have questions regarding this articulation agreement, or the transferability of coursework may contact the WVU Office of the University Registrar. All other questions should be directed to the WVU Office of Admissions.

The above transfer articulation of credit between West Virginia University and Garrett College, is approved by the Dean, or the Dean's designee, and effective the date of the signature.
