Upper-Division Mathematics Elective (1)	3	Upper-Division Mathematics Elective (2)	3
General Elective	3	General Elective	3
General Elective	3	General Elective	3
<b>TOTAL</b>		<b>TOTAL</b>	13

Students must have successfully passed MATH 207 (MATH 155) with C- or higher and maintain 2.0 overall GPA to be admitted into the Mathematics program upon arrival to WVU.

Students must complete WVU's or equivalent MATH 156 prior to the start of their Junior Year (first year at WVU).

Students completing degrees in WVU's Eberly College of Arts and Sciences are encouraged to work with their advisors to integrate completion of an academic minor or minors into their programs of study, to the degree allowed within elective hours. WVU offers over 100 minors that complement major fields of study, build on students' unique interests, expand perspectives, and broaden skills. See <http://catalog.wvu.edu/undergraduate/minors/#minorsofferedtext> for a list of available minors. Students may begin completion of their minor at Blue Ridge CTC by utilizing elective credit to take courses that are equivalent to the minor's introductory requirements at WVU.

Students transferring to West Virginia University with a completed associate degree, will have satisfied the General Education Foundation requirements at WVU.

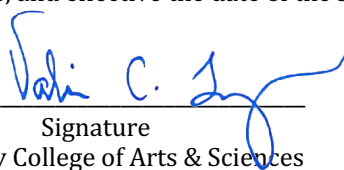

Students who have questions regarding this articulation agreement or the transferability of coursework may contact the WVU Office of the University Registrar. All other questions should be directed to the WVU Office of Admissions.

The above transfer articulation of credit between West Virginia University and Blue Ridge Community and Technical College, is approved by the Dean, or the Dean's designee, and effective the date of the signature.
