General Elective	3	PSYC Cluster A/B	3
General Elective	1	COUN 440	3
TOTAL	14	TOTAL	16

Students must complete PSY 1100 with a C or better to be admitted to the Psychology program upon transferring to West Virginia University.

Although not required, students are encouraged to consider beginning or completing the PSYC 203 & 204 progression during the summer after graduating from Columbus State Community College. Doing so could create a lighter course load in the final semester and will also open the possibility for a wider range of required upper division electives within the program.

Students completing degrees in WVU's Eberly College of Arts and Sciences are encouraged to work with their advisors to integrate completion of an academic minor or minors into their programs of study, to the degree allowed within elective hours. WVU offers over 100 minors that complement major fields of study, build on students' unique interests, expand perspectives, and broaden skills. See <http://catalog.wvu.edu/undergraduate/minors/#minorsofferedtext> for a list of available minors. Columbus State students may begin completion of certain minors at CSCC by utilizing *Elective* hours to take courses equivalent to the minor's introductory requirements at WVU.

Students transferring to West Virginia University with an Associate of Arts or Associate of Science degree will have satisfied the General Education Foundation requirements at WVU.

Students who have questions regarding this articulation agreement or the transferability of coursework may contact the WVU Office of the University Registrar. All other questions should be directed to the WVU Office of Admissions.

The above transfer articulation of credit between West Virginia University and Columbus State Community College, is approved by the Dean, or the Dean's designee, and effective the date of the signature.
